

Jack and the Beanstalk

Once upon a time, a small village nestled at the foot of a giant mountain lived a poor widow named Mary and her son, Jack. They were inferior and struggled to make ends meet.

One day, Mary told Jack to take their only cow to the market and sell it for a reasonable price. So, Jack set off with the cow. On his way to the market, he met a strange older man who offered to trade a handful of magic beans for the cow. Intrigued by the older man's offer, Jack agreed and returned home with the beans, much to his mother's disappointment.

Mary scolded Jack for his foolish decision and threw the beans out of the window in anger. The following day, to their surprise, they discovered an enormous beanstalk had grown overnight, stretching into the clouds. Curious and determined, Jack climbed the beanstalk to see where it led.

As Jack ascended the towering beanstalk, he found himself in a land high above the clouds, inhabited by giants. After wandering for a while, Jack stumbled upon a massive castle. He approached the castle and knocked on the door, hoping to find food or shelter.

To his surprise, a kind giant answered the door and welcomed Jack inside. She explained that her husband, a cruel giant, owned the castle and had been terrorizing the village below. Jack feels sympathy for the giantess and decides to help her.

One day, when the giant was away, Jack snuck into the castle and stole a bag of gold coins. He quickly descended the beanstalk and returned home to his mother, who was overjoyed at the unexpected fortune. But their happiness was short-lived, as the giant awoke and discovered the missing coins.

Enraged, the giant began to chase Jack down the beanstalk, determined to get revenge. Thinking quickly, Jack grabbed an axe and chopped down the beanstalk, sending the giant crashing to the ground below.

From that day on, Jack and his mother lived happily ever after, using the gold coins to build a new life for themselves. And though the beanstalk was gone, Jack never forgot his adventures in the land above the clouds, where he had learned the value of courage, kindness, and bravery.
